INTRODUCTION

As part of the ongoing institutional reforms at the African Union, the NEPAD Planning and Coordinating Agency (NPCA) is transforming into the African Union Development Agency (AU-NEPAD). The new mandate includes: Coordinating and Executing priority regional and continental projects to promote regional integration towards the accelerated realisation of Agenda 2063; Strengthening capacity of African Union Member States and regional bodies; Advancing knowledge-based advisory support; Undertaking the full range of resource mobilisation; and Serving as the continent’s technical interface with all Africa’s development stakeholders and development partners.

The transformation will allow the organisation to improve its effectiveness and efficiency in delivering AU development policies and programs across its 55 member countries. It is imperative therefore, and in light of the new mandate, that staff skills and competencies are audited to determine the level of alignment and adequacy.
