 - ✓ Development of Kaizen consultants equipped with Intermediate-level Kaizen.
 - ✓ Needs of Kaizen is diversified: From manufacturing to agriculture sector & service sector, from private sector to public sector, from company to all generations, capital to all regions.
- ❑ **Emphasizing continuous reduction of waste**
 - ✓ New Prime Minister HE Dr. Abiy Ahmed shows strong commitment to transforming governance, especially waste reduction through continuous improvement, aiming at the transformation of the entire sector.

Kaizen Dissemination through Decentralization

ASK for Kaizen

World Cup 2018

Emerging Kaizen in

After exciting matches, supporters of the "Samurai Blue", Japanese fans marched through the rows of the stadium to pick up rubbish with large rubbish bags they brought along, to leave the place just as neat as they had found it. This year Senegal fans did the same!
